

NEW Mobile Fire-Rated Cabinet

Flexible

Modern and WFH offices demand flexible storage options with smaller footprints. As such, we've seen the rise in popularity of the pedestal style file cabinet with wheels for easy movement and height for under-desk storage. FireKing saw this need and combined all the benefits of a pedestal with its best-in-class fire-ratings.

The FireKing Mobile Pedestal line offers flexible storage with a catchall drawer, flexible seating with heavy-duty caster wheels and cushion compatibility, a 25 1/4" height to fit under most desks and maintains a 1-Hour or 30-Minute fire-rating.
