Product information

The high quality materials and proven HSM "Made in Germany" quality guarantee you are receiving a safe and durable machine.

The induction-hardened, solid steel cutting rollers can easily cope with staples and paper clips and guarantee durability.

The paper feed with overload protection reduces paper jams and sustains the high throughput of paper.

For continuous operation

The powerful motor ensures a high cutting capacity and reliable continuous operation.

High level of user safety

The safety element prevents unintentional entry of materials into the machine and thereby increases the user safety.

Automatic start/stop

The operation is very easy: the device starts automatically when fed paper and automatically stops after shredding is complete.

Anti-paper jam function

The paper feed with overload protection reduces paper jams and sustains the high throughput of paper.

Mobile on castors

The document shredder has a high-quality and robust wooden cabinet with an extra large door opening angle and can easily be moved on castors.

Convenient emptying

After opening the door, the reusable collecting bag can be easily removed and emptied.
